

**David Purcell**

Candidate Statement

Treasurer

Although much has been accomplished to streamline the finances of Southwestern Archaeology, Inc., there remain some challenges to address. The Information Specialist has requested improvements to how website charges are paid for and we need a more consistent accounting of the Pecos Conference to simplify our annual tax filing and to make year-to-year accounting more consistent. Next year is also the deadline to renew our Arizona Trade Name certification for Pecos Conference. To see these projects through to their completion, I am running for another term as Treasurer of Southwestern Archaeology, Inc.
